Allowed tyres

The use of studded tyres and gravel tyres during recce is forbidden and will be communicated to the COC.

We also want to draw your attention to the **new tyre limitation** this year: see Supplementary Regulations Art. 7. The use of tyres during the competition will be checked strictly. After the TC Service OUT after the refuelling zone there will be a Tyre Check Zone. Every car must stop there for 3 minutes for the Tyre Checks. The time for the road sections are calculated very generous therefore. There will be tyre checks after every TC Service OUT, at every regroup and at every special stage either at TC or at stop control.

Shakedown

Location: **Oberrauchenödt - Mitterbach**
Time: **Friday, 03.01.2020 from 10:00 until 15:00**

The participation at Shakedown must be stated at administrative Scrutineering and the Shakedown fee must be paid there (€ 75,- except RRC competitors). Participation at Shakedown is only possible after successful admin. and technical Scrutineering. We therefore advise to make use of the voluntary Scrutineering at 02.01.2020.

Drivers' briefing

Location: **Messehalle Freistadt, Am Stieranger, 4240 Freistadt**
Time: **Friday, 03.01.2020 at 16:00**

Driver and/or Codriver of a team must participate at the drivers' briefing. Non-participation will be penalized with € 100,- fine through the COC. The presence of the team-members will be recorded by signing the presence list.

We wish you a pleasant arrival and look forward to a hopefully snowy 35. LKW FRIENDS on the road Jännerrallye presented by LT1.

**Best regards,
the organising team**
